INTRODUCTION

Welcome To CIP ENGLISH!

Founded in 2007, our school has been committed to providing high-quality English education in a warm, natural, and supportive environment. Since 2010, we have proudly offered one-on-one Native Speaker classes—making us the longest-running Native Program among ESL schools in the Philippines.

At CIP ENGLISH, we believe that language learning should happen in a space that feels safe, calm, and inspiring. That's why we've designed our **KEPOS Campus**—named after the Greek word for garden—to reflect nature, comfort, and stability.

We are fully accredited with permits from TESDA, the Business Bureau, and the Bureau of Immigration. Our experienced team includes dedicated Filipino and Native English-speaking teachers, as well as reliable maintenance, cleaning, and administrative staff to support your stay.

With personalized learning, an updated 2025 logo symbolizing our peaceful academic environment, and our guiding slogan—**WE GO HIGHER**—we invite you to grow with us and reach your full potential in English.

FEATURES

Native Speaker 1:1 Program

Since 2010, we've specialized in one-on-one classes with Native English Speakers, making us one of the most experienced ESL schools in the Philippines. Filipino teachers and Native Speakers collaborate—focusing on language fundamentals and real-life communication—to achieve better learning through one-on-one and group classes.

To reach IELTS 7.0 or speak confidently, learning from Native Speakers is key—especially for natural expressions, slang, and cultural nuances.

6-Day Classes For Consistent Learning

To support continuous learning, we hold classes **six days a week—including Saturdays**. Consistency, along with effective methods and daily practice, is key to improving English skills.

High-Cost Effectiveness

We're proud to offer a strong curriculum, skilled teachers, and well-managed programs. With high-level Filipino instructors and one-on-one classes with Native Speakers, our tuition is competitively priced and delivers great value.

While our dorms and surroundings are modest, renovations will begin in late 2024 without affecting classes. Choose us for the academic quality—it's an investment that pays off.

Quiet & Nature-Friendly Environment

CIP English – KEPOS Campus takes its name from **"Kepos"**, meaning garden, reflecting our quiet and nature-friendly environment.
Students from countries like Taiwan, Japan, China, Vietnam, Mongolia, Saudi Arabia, and Korea choose us for this calm, focused atmosphere—something we are committed to maintaining

OUR PROGRAM

Choosing the right program is important for a successful study abroad experience. Make sure to understand the program's features and approach before enrolling.

Semi Spartan Program: Experience the Joy of Studying

Our Light Program offers 5 classes a day—perfect for students who work or need more personal time, while the Semi-Spartan Program follows the 'traditional Philippine ESL program', with 7–8 classes daily and free time after school. It's ideal for students who want to focus on learning while still enjoying time with friends.

Spartan Program: Focused and Intensive Learning

The Spartan Program delivers fast results through strict schedules and close supervision. It requires a strong commitment, given the limited free time. About 50% of students complete it with strong progress, while some switch to the semi-Spartan option. It's tough, but worth it for motivated learners.

Native Speaker 1:1 Program: Real English, Real Results

Since 2010, our Native Speaker Program has been showcasing native speakers from the US and UK, focusing on enhancing our students' fluency in collaboration with our Filipino teachers, who build strong core skills to create a balanced and effective learning experience.

Speaking-Centered Curriculum

Our curriculum is built around speaking—because that's how you truly learn a language. From real-life topics to dynamic discussions, our classes keep you talking and improving. Native speakers bring authentic pronunciation and expressions, while Filipino teachers guide you through grammar, vocabulary, and writing with empathy and clarity. **It's a powerful, practical way to learn—designed for real results.**

Preview Learning

Looking up words during class can interrupt your flow and slow your progress. That's why we discourage phone use during lessons. Instead, we share class topics 1–2 weeks in advance. This gives you time to learn key vocabulary, prepare ideas, and join discussions with confidence.

Learning this way helps you remember more—and speak better.

LEVEL IMPROVEMENT

Our leveling system starts with standardizing ESL skills with official English tests. As students improve their English level, they are given a conversion score for IELTS, TOEIC, TOEFL, etc., and are motivated to continue their studies.

With this reliable level chart, we can get a reference point on when it is right to start IELTS, TOEIC, TOEFL, or what skills we need to prepare more to obtain a specific official score.

How Fast Will My Level/Score Improve?

From 101 to 301, you can improve by **1-2 levels in 4 weeks**. Your teacher and learning coordinator, the 'Buddy Teacher', will improve your level.

From 301+, which is considered an intermediate level, the speed of advancement may be limited. You can expect to improve by 1 or 2 levels in 6-8 weeks. The same goes for official scores. Up to IELTS 4.5, you can usually get 1.0 or more in 4 weeks, which is fast, and from 5.0, you can improve by 0.5 or more in 4 weeks, and from 6.5, you need more time to get a score.

Customized Progress Test

Most ESL schools conduct progress tests on a designated date every month (usually the fourth Friday), but we are different. We believe that it is right to conduct progress tests every 4 weeks according to the student's personal schedule.

The content of the test varies depending on the course. After admission, you will receive a progress test for about 2 hours in the 4th week, and otherwise, you will attend classes normally.

Check Your Level Improvement In Our TOR

Students will receive a TOR (Transcript of Records) along with a certificate upon graduation. TOR is designed to allow you to see at a glance the level/score changes over time.

We evaluate teachers through students' TORs. Whether the student's level/score is actively improving or not is given additional points in the teacher evaluation.

Therefore, we will try to improve your level here as much as possible.
